

Samson seeks Delilah (A not so hairy Samson seeks a hairy or otherwise Delilah)

Samson: a strong, loyal and exuberant companion

The name: meaning “of the sun”

Age: 1 year

Gender: male

Breed: American Staffordshire terrier X

Samson is Energetic and playful: he needs a large secure yard and an owner dedicated to both entertaining and educating him.

Samson is affectionate: he likes the company of both people and other dogs. He loves cats a little too much so his new home will have to be a cat-free zone.

Samson is vocal when alone: he will need an owner who does not leave him for long periods of time. Alone.

Samson loves children: but may accidentally knock them over in his playfulness. It would be best if his new home didn't have young children.

Samson is an outside dog: so may need time to adjust when allowed inside his new home.

Samson has been waiting for a home since October 2006 and is starting to think that no one is interested in him, even with such an adorable face.
