

LOOP PET OF THE MONTH

Name: Larna

Age: 6 ½ Years

Breed: Kelpie x Rottweiler

Sex: Female

Larna is a member of our Last Chance Club and has been in our adoption centre since December. Larna is a friendly middle aged dog who loves to play with toys and play fetch. She is very excited by cats and rabbits and would need a home without any as she would chase them. Larna does tend to be vocal in the kennel, but does settle down when she is out. She doesn't like to be held close or cuddled so would be better suited to a household with no children under 6 years. Larna will need further training and socialisation and requires a medium to large secure yard. She's an affectionate dog and can sit with treats and would love to continue learning new things. Larna loves to have a scratch behind the ears and be patted. She's a real sweetie.

Larna is \$220 to adopt and is desexed, vaccinated, microchipped, wormed, heartworm checked, behaviour and health assessed. The RSPCA is located at 201 Rookwood Road, Yagoona and is open seven days a week. For enquiries, call 9770 7555 or go to <http://www.rspcansw.org.au>
